

This program is very easy and intuitive to use. You can use it to create find words puzzle or even cross words puzzles. The program has its own small 300 words list related to the topic of science at grade 7. But you can override it and use your own words list(must be a simple **TXT** file).

Just click on menu WordsGrid -----→ Load from file

You select any words from the right grid and select which direction you want it to be stored in the puzzle(8 directions). Then simply click the mouse and word will go on the puzzle. After you put the words you probably want to put some random words to make it harder to find your words. You click on Fill → Random letters.

The puzzles are saved as a simple text files. So you don't have to do it in one shot . The file extension .fnd is used to save and retrieve the puzzles.

This program does not print the puzzle. You need to print it using the WORD. In order to do that you must transfer it to WORD. When you have entered the words before you fill it with random letters click on

Clipboard -→Save as EMF .the puzzle now is in the windows clipboard. Now in MS WORD you simply do a simple paste(Ctrl+V).

Then after you put random letters again you click on Clipboard -→Save as EMF and again in the WORD you simply press Ctrl+V to paste it. This way you have the original puzzle for yourself and the cryptic puzzle for the students. Attached are few examples I homeworks I gave them in the last few weeks.

Bellow are few examples

Beijing no 55 middle school grade 7 science homework. Puzzle no 3

The words can be in any 8 direction and even reverse. But no zigzag words

There are 26 words about **human body part** . Find each one and write its purpose

	1	2	3	4	5	6	7	8	9	10		1	2	3	4	5	6	7	8	9	10	
1	N	A	M	U	H	E	A	D	U	Y		1	N	A	M	U	H	E	A	D	U	Y
2	O	R	N	I	A	R	B	E	Y	E		2	O	R	N	I	A	R	B	E	Y	E
3	S	M	M	R	A	E	I	V	D	N		3	S	M	M	R	A	E	I	V	D	N
4	E	N	O	B	W	A	C	R	O	D		4	E	N	O	B	W	A	C	R	O	D
5	G	N	U	L	V	R	E	E	O	I		5	G	N	U	L	V	R	E	E	O	I
6	A	K	T	W	I	S	P	N	L	K		6	A	K	T	W	I	S	P	N	L	K

10										

Across

- 1) Opposite of short – Used in dry batteries
- 3) Used in drink cans 7-Used for making steel
- 9) An organ you walk with - Has a green color

Down

- 1) Soft and malleable metal
- 2) Used for electrical wiring
- 5) One of the metals commonly used for jewelry
- 7) Used as coating for other metals
- 10) Liquid used for dissolving metals-Used in dental fillings
